OPINIONS BELOW

THE SUPREME COURT AND COURT OF APPEAL DENIED HEARING TO DECISION OF WORKERS' COMPENSATION APPEALS BOARD CASE 81 ANA 113804 of 8 22 83, denying payment of lien of appellant, on discriminatory base that fees excessive, and failure to appear for hearing awarding such lien payment; while allowing payment of fees for xrays, unnecessary, and routing, which are contrary to present laws against nuclear contamination and supported by documentation of Federal Drug Administration Bulletin 13:2; and and for submission and payment charges for unnecessary lab examinations fraudulently and contrary to in re; Wayne County Prosecutor, 329 NW2d 510(Mich Ct App. Dec 7 82. Applicant was denied fair hearing within one month of obtaining records of applicant from appellant, which circumstantially and really contained records which were used because of their social implication as social diseases, to deny fair trial to applicant; when; in fact, she was grossly mistreated by her employer, firing and denying any letter recommendation, when she is and has been a victim of childhood disorders which by and resulting from childhood surgery have caused a decrease in her ability to withstand stress. All done with collusion of her attorney, and to his aid in denying payment to appellant. The coercion done to have unnecessary tests, xrays (which cause radiation harm) and psychiatric testimony as needed to qualify for awards in this and other type actions including Social Security; are contrary to US Constitution especially Amendment I, V, XIV. The decision of Workers' Compensation Appeals Board has been discriminatory against appellant, has been a judicial decision by quasi judicial administrative and by denial of hearing by appeals boards, CCP 1094.5 (California) has been declared repugnant to public and lien claimant's good, and contrary to law and by boycott and restraint trade contrary to Title 15, 1-15(Sherman & Clayton Acts)

JURISIDCTION

28 USC 2101, 2103, 1257, 1343; 42 USC 1983-5; et al., 15 USC 1-15; US CONSTITUTION, and repugnancy of California, Code of Civil Procedure 1094.5; as per decision on appeal; and all statutes protecting the public from radiation damage and pollution control; and economic usage of public funds as by fraudulent claims herein; which are contrary to public good and pendent tortious acts thereto.

ORDER DENYING

REVIEW DECISION

SUPREME COURT AND COURT APPEAL CALIFORNIA, has denied review of a Public administrative decision that by its interpretation declares such review as repugnant to federal rights, of appellant and the public.

QUESTIONS PRESENTED

1. DENIAL of representation and hearing to applicant, including the payment of lien of appellant.
2. UNCONSCIONABLE and cruel denial of civil rights to applicant.
3. COERCIVE use of unnecessary laboratory examinations fraudulently claimed and contrary to cited law, xray examinations not necessary and harmful to applicant and her progeny, and psychiatric examinations among others needed to qualify for awards, with denial of Constitutional rights to privacy, testimony against herself et al..
4. DISCRIMINATORY AWARDS denying those to appellant.
5. DENIAL of review of quasi-judicial ruling of administrative judge, when such disqualified for prejudice and all such rulings void pursuant to California Code Civil Procedure 170-170.6, 164 et al. CCP 1094.5.
6. ATTEMPT to boycott appellant and set his fees in restraint of trade and contrary to Sherman and Clayton Anti Trust et al.

STATEMENT OF CASE

Facts indicate that applicant denied payment for injuries and payment

of lien of third party appellant, whose payment is applicant's responsibility. Denial of fair hearing on base of misuse of records of applicant's illnesses. Criminal mistreatment of applicant, including but not excluded to criminal assault, coercive harm by xrays; fraudulent submission of laboratory examinations as needed; discrimination of awards of lien payment to appellant for excessive fees, when appellant entitled to a higher award as alumnus Memorial Center New York and expertly trained above that of claimant for medical services who was paid for unnecessary xrays and lab tests. Denial of review of quasi judicial review by appeals Courts contrary to law and by this interpretation contrary and repugnant to Constitution.

CONCLUSION

The appeal is supported by submitted papers. Favorable decision on appeal is necessary to restore rights privileges and immunities of appellant and for the public good and to stop the misuse of radiation and unnecessary laboratory examinations by those not qualified to rule in such matters, and contrary to law and the public good.
